WORK EXPERIENCE

GRAPHIC DESIGNER

Fiverr.com

01/2023 - Present

Bhubaneswar, Odisha, India

I have worked with many clients on Fiverr as a graphic Designer and delivered high-quality work with 100% satisfaction and positive feedback.

CERTIFICATES

WEB DEVELOPMENT INTERNSHIP (03/2022 - 02/2023)

The internship consists of HTML, CSS and JavaScript then it continued through reactJs and MongoDB as well as use of firebase.

PYTHON (BASIC) (06/2023)

Solved two challenging problems on Python using functions, loops, conditional branching, lists, dictionaries, sets, tuples, etc.

PERSONAL PROJECTS

FACE ATTENDANCE SYSTEM (05/2023 - Present)

▫ The face attendance system is a touchless and contactless solution that uses face recognition technology to mark the attendance of employees, students, or visitors. The project is fully designed using python programming language and i used there some 3rd party library like opencv-python to make face recognition and i used firebase to make my realtime database etc.

DESIGN OF PORTFOLIO (02/2023 - 02/2020)

▫ The project portfolio is consistent with HTML, CSS and JavaScript and Some added features of reactJs.
